If it is action that you are looking for, look no further. These seats offer great views of the cars as they briefly increase their speed up to 160km/h for Turn 2, before slowing down to 90km/h for Turn 3. Fernando Alonso, winner of the 2008 FORMULA 1™ SingTel Singapore Grand Prix, managed this stretch of the track superbly last year.

Due to track revisions this year, the Pit Lane has been lengthened allowing fans at Turn 2 to witness cars exiting just in front of the grandstand.
